

**We are delighted to announce that we have moved to new premises in Orpington, Kent.**

Our new facility consolidates all of our divisions into one site and houses Bryen & Langley, our sister M&E company, Elmec, our joinery workshop and Andara, our tool and plant hire division.

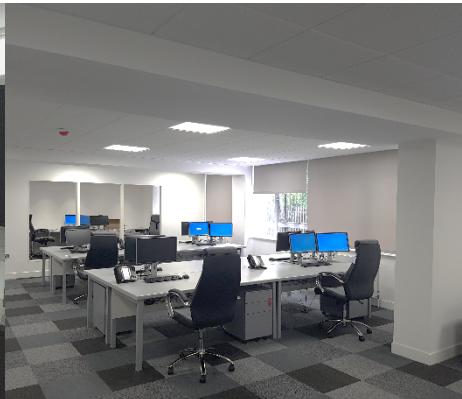

We have carried out a full refurbishment of the building to give us a modern and fresh working environment that is fit for purpose and we have invested in new hardware and software and in new machinery for our joinery workshop.

The works were carried out by our directly employed tradesmen and our divisions.

Only our address has changed, all phone numbers and email addresses remain the same.

6 Lagoon Road . Orpington  
Kent . BR5 3QX

We look forward to seeing you at our new premises.
